

NHPCO's Capitol Hill Day 2009

Can't make it to D.C. for Capitol Hill Day?

NHPCO is bringing Hill Day to you!

Join us for our inaugural **VIRTUAL Hill Day**:

- All you have to do is set aside some time on April 22nd to make a few toll-free calls to your federal representatives.
- Make sure you're signed up for NHPCO's Hospice Advocate Action Alerts through the Legislative Action Center. See nhpco.org/advocacy for details.
- We'll contact you by email on April 22nd with instructions and details on how to connect with your Members of Congress.
- You'll receive the same talking points that attendees will use for their meetings in D.C.
- We'll also provide you with a quick online feedback form so you can tell us about your Virtual Hill Day experience. If you provide feedback and your mailing address, we'll send you the Hospice Advocate lapel pin that was made for this year's Capitol Hill Day attendees.

Mark your calendars for April 22nd –

the hospice community is taking Capitol Hill by foot and by phone!
